## Fall Decorating Tips

With the cooler weather moving in, you're likely to be finding yourself spending more and more time indoors.

It's time to warm things up for fall!

To make a big impact without breaking the budget, try incorporating colors inspired by autumn leaves and the fall harvest throughout your home in

small ways.

Rich orange, red or gold accent pillows will refresh the look of your sofa, and area rugs in warm hues will create a cozy, relaxed atmosphere. Be sure to dim the lights a little bit and light a soothing, aromatic candle.

Remember that natural items also work beautifully in fall decorating and

you can find most of them right outside your doorstep for free!

Broken tree branches, cat tails, leaves, gourds, shafts of wheat, pine cones and seed pods assembled in decorative vases, bowls or platters will add a touch of autumnal comfort to your home.

**Turn your home into a cozy retreat this Fall with warm colors inspired by Nature.**

## Employee Spotlight - Andrew Smith

Andrew Smith began employment with Richmond Furniture Gallery as a Sales Consultant in June 2008. Since that time, Andy has become one of our sales leaders and has made a very positive impression on his customers. His customers often comment that he is an

extremely knowledgeable, caring and professional individual. We recently received the following letter from one of Andy's customers:

"Thank you for being so thoughtful to us. We were in the store Tuesday to purchase a mattress set and did not know what

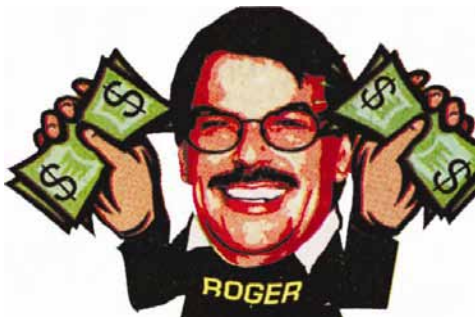

we needed. Andy was very knowledgeable and kind to us and we were impressed with him. He is a very nice young man and we enjoyed his help."

Thank you, Andy, for being a part of the Richmond Furniture Gallery team.
